The TenaZ Team has already helped 180 000 people lose weight. We really want to help you too. At TenaZ, you are assigned to a specific Team Member; look at the picture.

This is Berrie, Madelein, Elfie, Bertie, Eleanor and Magriet. The photo was taken on Magriet and James' bakkie, they are married and lost 105kg in 6 months.

TenaZ's products work quickly and are safe with your chronic medication, and complementary to any other weight loss methods.

Please see to the diagram below:

The TenaZ Dysfunctional Range consists of 4 Disciplines that address the gaps in your slimming process: Food Control, Metabolic Repair, the Fat Attacks & the Booster.

Under each discipline are the different TenaZ Products: No Thank You, Meal Shake, Detox, Good Morning, Good Night, Top, Bottom, All Over, Stress & the Fat Buster.

Let me tell you more about each product.

1. FOOD CONTROL:

Take back control of what and how you eat with the help of TenaZ's Food Control Products.

a. NO THANK YOU

Do you need more SELF-CONTROL?

No hunger pangs, you use No Thank You the first 4 days of your slimming process. After that, only on Vacation and during Weekends.

- Food tastes more intense, it satisfies you faster.
- Control emotional and habitual eating.
- No Side Effects such as insomnia and mood swings, safe with antidepressants.

b. MEAL SHAKE

Are you struggling to eat less? **SAVE CALORIES and MONEY!**

TenaZ tastes like a real Wimpy milkshake. Children from age of eight can use the Meal Shake.

Food is expensive, you can save money and time - order your TenaZ now. Mix with water or milk and enjoy. No grocery lists, dirty pots or a strict diet anymore!

Just Fifty Calories per serving. No hidden fat, sugar, or preservatives. Repair your nutritional imbalances and get slim.

The big secret is the digestive enzymes, it controls food intolerance and improves nutrient absorption.

The Proteins have already been digested and are safe for diabetics with kidney and liver damage. Amino acids are systematically released as they move through your digestive system to stabilize your insulin levels to speed up slimming.

The Vitamins and Minerals are plant based for optimal absorption. No extra supplements are needed during your weight loss process!

METABOLIC REPAIR:

Lose weight faster with a healthy metabolism. It's not an art to get slim, but an art to stay slim!

a. DETOX

You are not what you eat, you are what your body digests and absorbs. Is your DIGESTIVE SYSTEM healthy?

- Our Detox heal the epithelial layer in your digestive system for optimal nutrient absorption to prevent malnutrition.
- Stop "cravings".

The Detox cleanses your Liver of excess Estrogen and Cortisol. If you use Alcohol, Smoke or eat Unhealthy 'Take Aways', we recommend the Detox for better Fat Metabolism.

b. GOOD MORNING & GOOD NIGHT.

Most overweight people have a slow metabolism. **SPEED UP** your RESTING METABOLISM!

The Metabolic Repair Kit consists of:

- **Good Morning** – Speeds up your Day Metabolism. If you get tired in the afternoon, we recommend the Good Morning for more Energy.
- **Good Night** – Speeds Up Your Night Metabolism and Improves Deep Sleep. It Increases Your Lean Muscle Mass.

The combination of the two capsules balances your Catabolic and your Anabolic Metabolism, this gives you a 24-hour slimming cycle.

Using the two capsules will accelerate your Resting Metabolism, helping you stay slim after reaching your Healthy Weight.

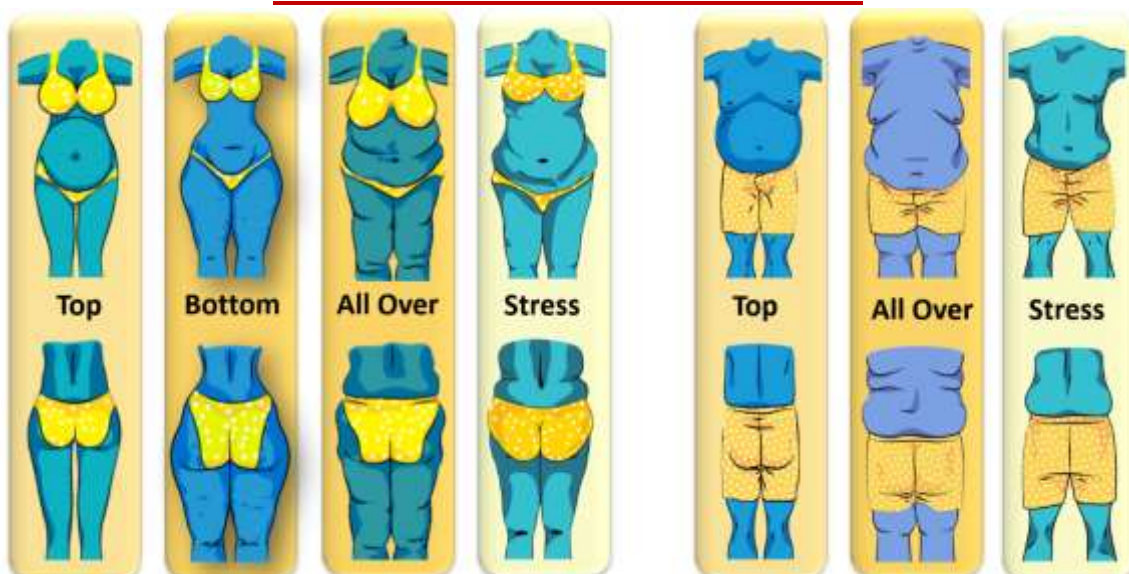

3. CHOOSE YOUR FAT ATTACK:

Repair the Chemical, Hormonal, or Nutritional Imbalances that cause your **BIG FAT DEPOSITS**.

You need our FAT ATTACK if you are struggling with stubborn fat on specific problem areas. Check where the most fat is on your body and choose your personal Fat Attack.

- a. **TOP:** You have a Rock-hard belly or look slightly pregnant. All your fat is on your Upper body. The possible cause - Liver function and Progesterone imbalance.
- b. **BOTTOM:** Ladies – you have a lot of cellulite, a big bum and wide hips. You struggle with fat on your Lower Body. The cause is a possible Estrogen imbalance.
- c. **ALL OVER:** You have 15 kg or more to lose, struggle with fat rolls all over your body and sometimes loose skin as well. The cause can be your thyroid or/and liver, as well as blood sugar levels.
- d. **STRESS:** The Stress capsule can be used on its own or combined with the Top, Bottom, and All Over Fat Attack. You have love handles and a hanging belly. You are sometimes tense, struggles to fall into a deep sleep, and wakes up tired. The cause may be too much Adrenaline, which becomes Cortisol. Your buttocks and hamstrings are broken down and stored as belly fat to nourish your adrenal glands. The lack of muscle mass can cause knee, hip and back problems.

CHOOSE YOUR FAT ATTACK:

4. BOOSTER:

New!

The Booster works fantastically for the middle-aged figure. Do you exercise, drink water, and eat right? But just not getting the perfect figure? **SHAPE & TONE** your body.
